Melih Yilmaz

Email: melih@cs.washington.edu
Website: melihyilmaz.github.io

Research Interests

Machine learning, computational biology, proteomics, biomedical data science

Education

University of Washington — Seattle, WA
Ph.D. in Computer Science — Sep 2020–Current
Co-advisors: William Noble, Sewoong Oh

Koc University — Istanbul, Turkey
B.S. in Electrical and Electronics Engineering — 2015–2020
GPA: 4.00/4.00, Ranked 1st in the class

Osaka University — Osaka, Japan
Center for Japanese Language and Culture, MEXT Scholar — Apr 2016–Jan 2017

Experience

University of Washington — Seattle, WA
Ph.D. Student, (Supervisors: William Noble, Sewoong Oh) — Sep 2020–Current

- Working on representation learning for tandem mass spectra and de novo peptide sequencing with deep learning.

Stanford University — Stanford, CA
Research Intern, (Supervisor: Tina Hernandez-Boussard) — Summer 2019

- Modeled post-chemotherapy patient reported outcomes and electronic health records (EHRs) for cancer patients.
- Performed trajectory clustering and risk group classification to identify vulnerable patient populations.

Koc University — Istanbul, Turkey
Undergraduate Research Assistant, (Supervisor: Murat Tekalp) — Fall 2018, Fall 2019

- Worked on learned video compression and future video frame prediction using deep learning.

Sumitomo Electric Industries — Osaka, Japan
Machine Learning Intern — Summer 2018

- Developed deep learning models to semantically segment satellite images.

Publications

[3] G. Ozsoy *, **M. Yilmaz** *, O. Kirmemis, and M. Tekalp, "New results in end-to-end image and video compression by deep learning", in *IEEE Signal Processing and Communications Applications Conference (SIU)*, 2020.

Scholarships and Awards

- **Paul G. Allen School First-Year Ph.D. Fellowship** 2020
- **Monbukagakusho (MEXT) Scholarship in Science** 2016
  - Awarded by Japanese Ministry of Education, Culture, Sports, Science and Technology
- **Turkish Government High Honour Scholarship** 2015
  - Awarded based on ranking (14th out of 1.8 million students) in National University Entrance Exam
- **Koc University Suna Kirac Scholarship** 2015
  - Full tuition waiver and stipend during the B.Sc. based on National University Entrance Exam rank

Skills

- **Programming Languages and Tools:**
  - Python, R, SQL, Julia, MATLAB, Java, C, C++
- **Libraries:**
  - PyTorch, Keras, NumPy, Pandas, Scikit-Learn

Languages

- **Turkish:** Native
- **Japanese:** Advanced (JLPT N1)
- **French:** Intermediate
- **Spanish:** Elementary
